LA SIERRA COLLEGE

Dedicated to . . .

Dr. and Mrs. Thomas A. Little,

companions in

student service,

scholarly attainments,

and religious sincerity,

whose contributions

can never be matched

by our appreciation.

COMPOSITION

Ken Gosney

Barbara Reis

Dennis Cook

Carolyn Welebir

Arladell Bond

The actors . . .

Seeking friendships,

Straining toward goals,

Searching for truth;

Living a daily drama

Against a backdrop of

Sun-soaked lawns,

Sage-spotted hills,

Sky-seeking trees.

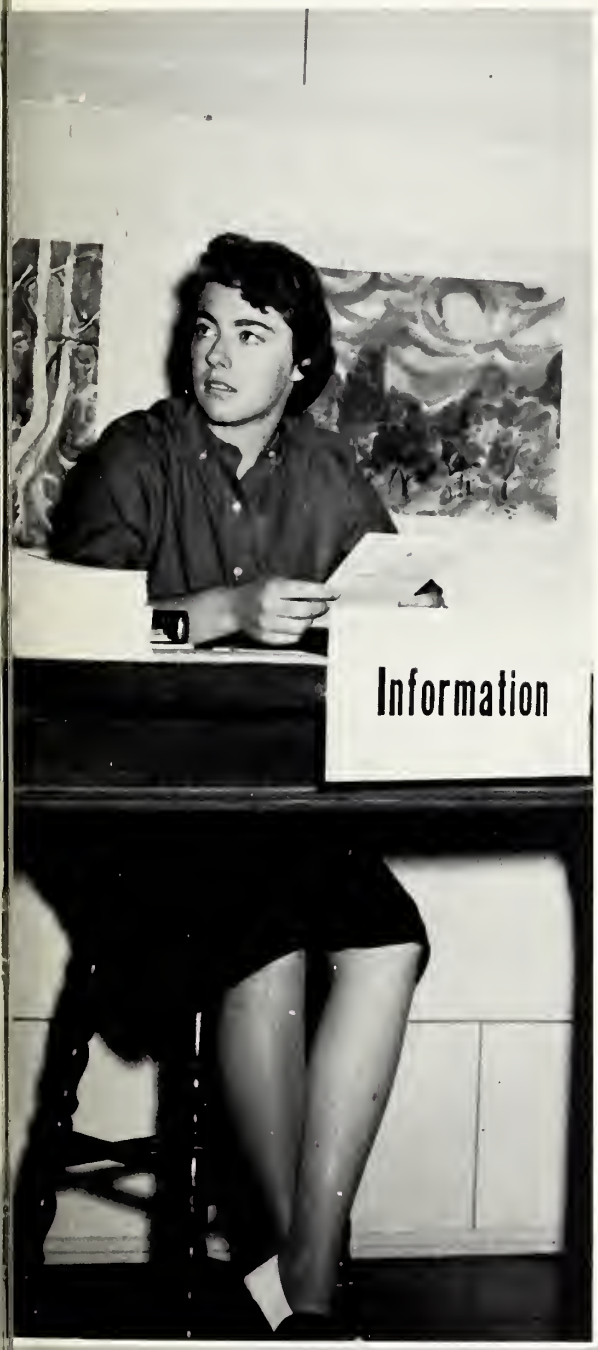
Broad is the stage and vast its pageantry

The panorama flows from east to west

Enfolded are we in its majesty

Oradelle Grable

Awaiting the cues, the players stand silently;
Rehearsals and prompting become routine.



Pat Hoxie

Moonfeathers glisten in crystal light;
Lambent torches caress the shadows.

Intermission . . . the dry flutter of programs, vague conversational buzzings, the swelling drone of instruments.

Jeannette Martin

For each a time to weave a solitary web,

A thin blue web of silence.

Soliloquy.

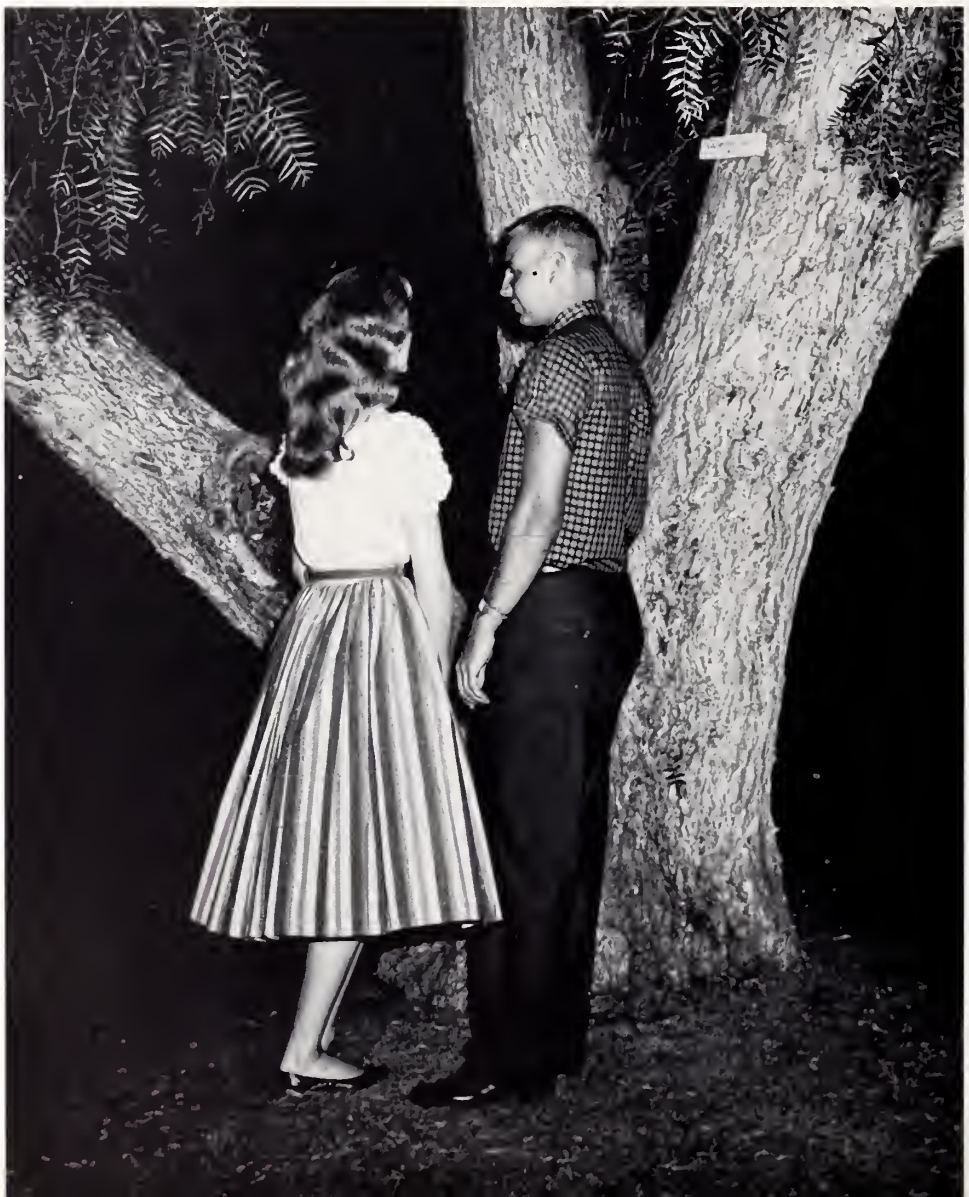
South Chapel Window

In truth, beauty, love,

Only God is absolute.

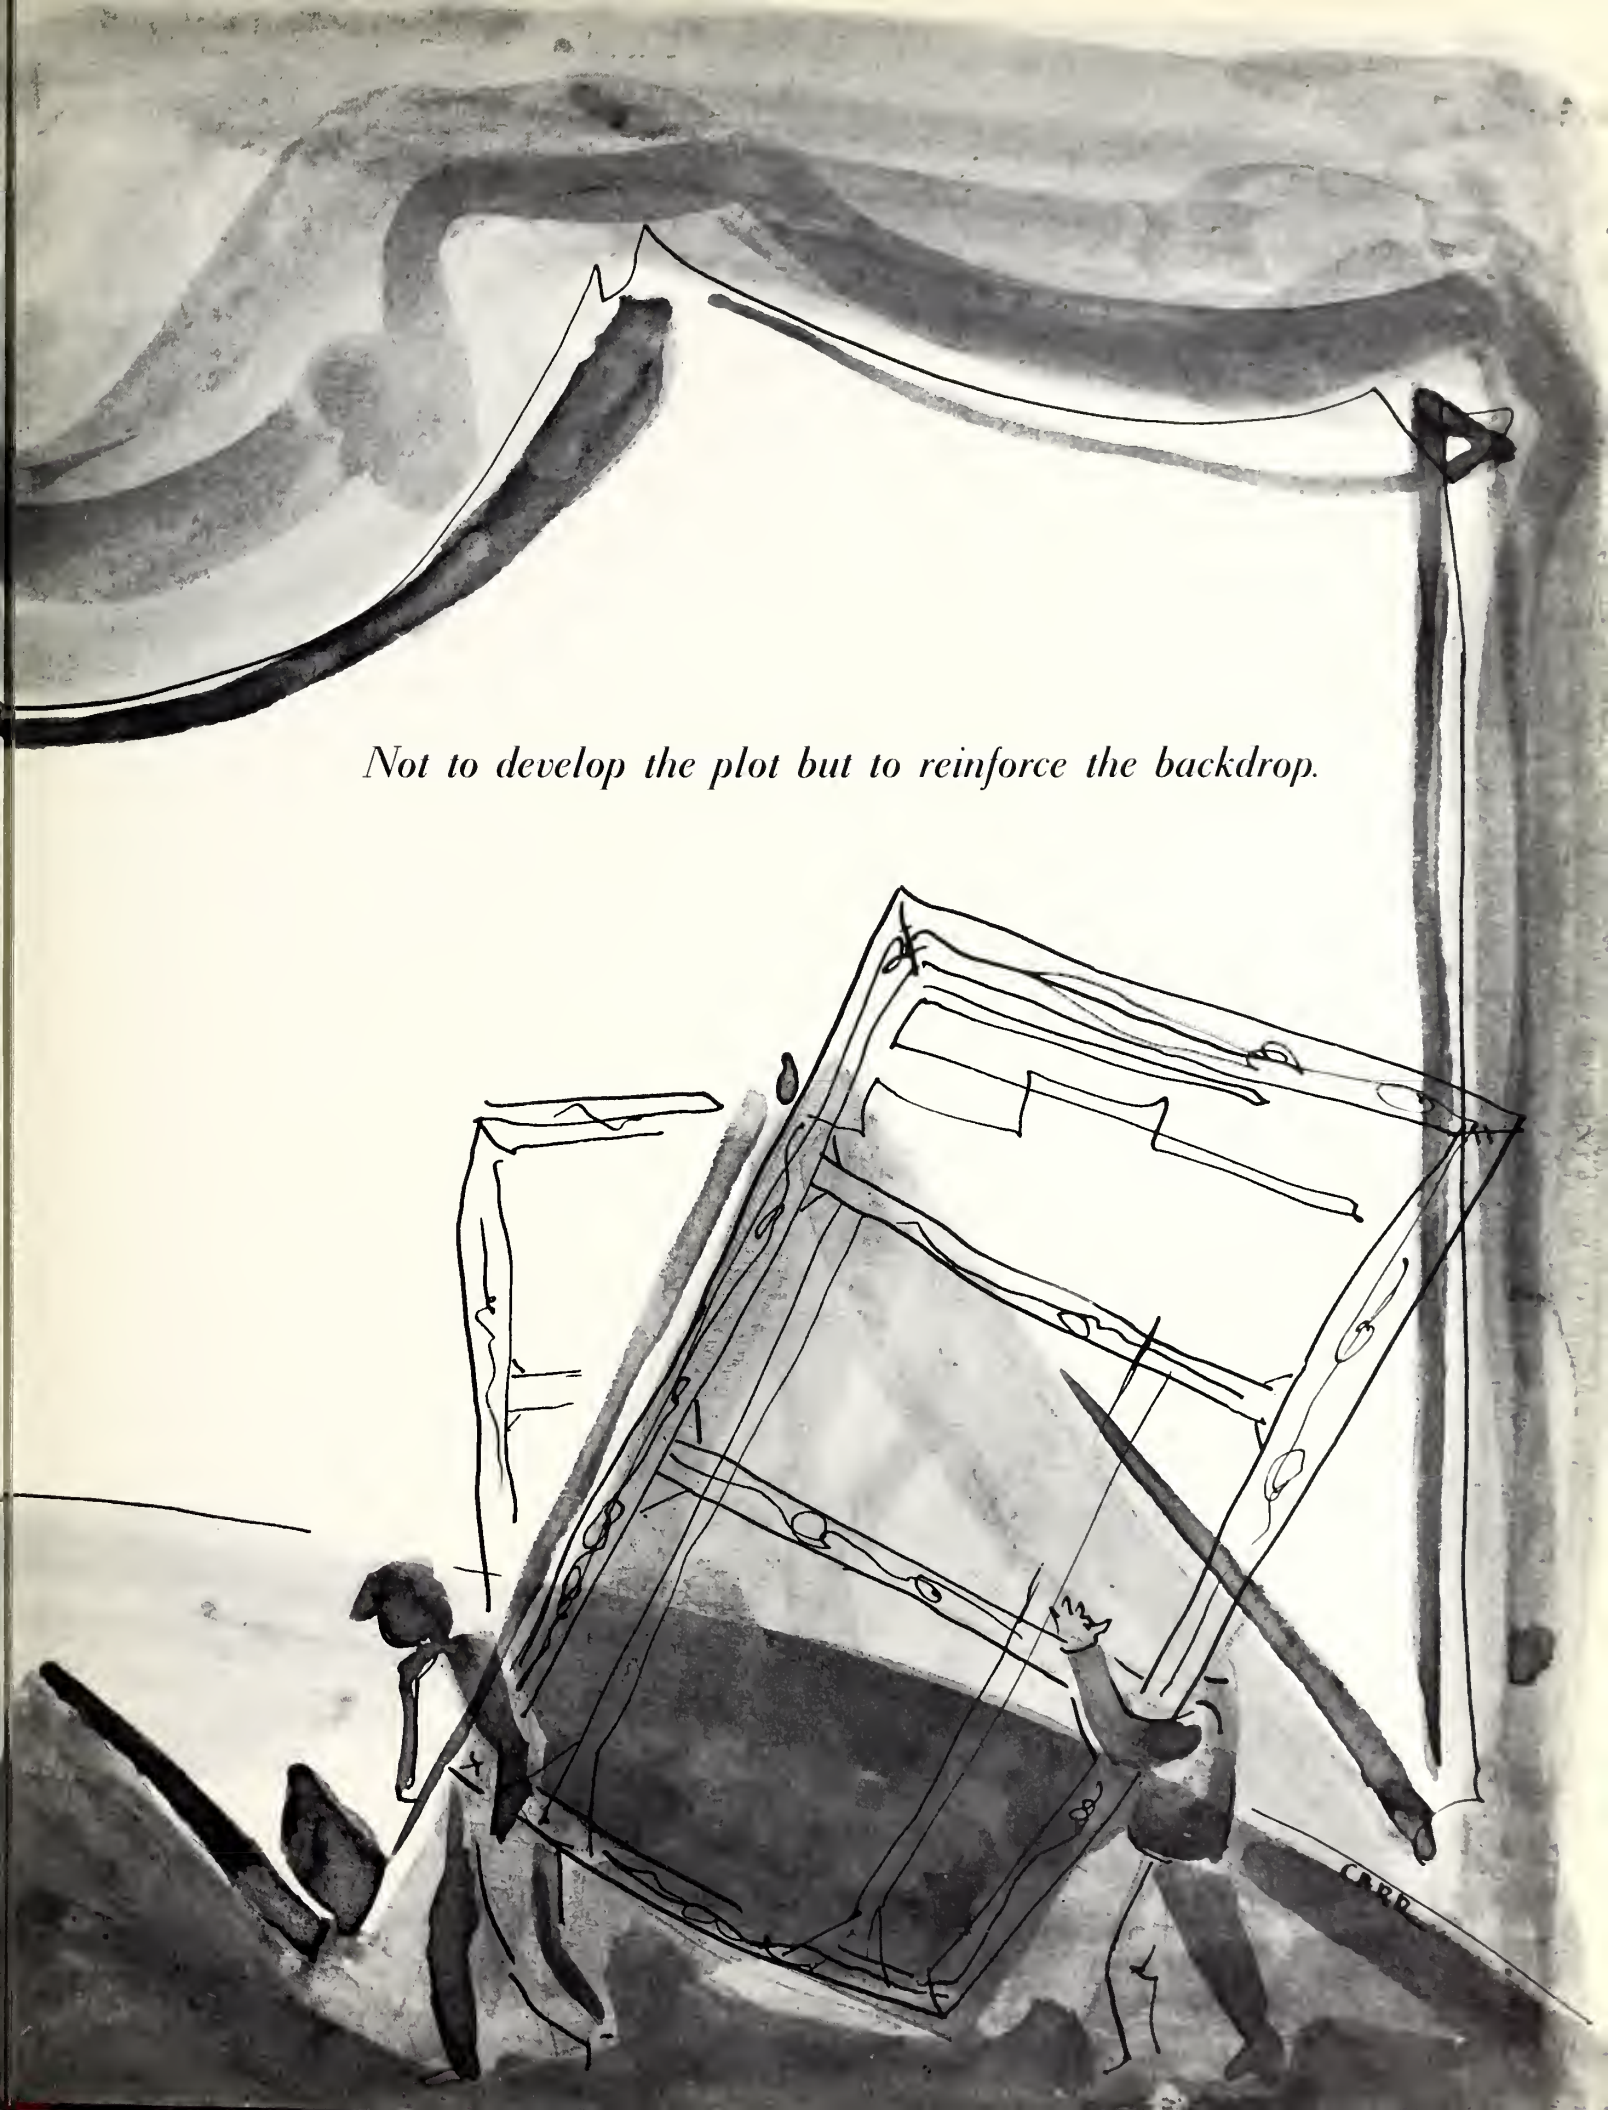
O Lord, our strength, give us grace to seek Thy ultimate perfection.

Night draws down the inky curtain; the lights dim, the door closes.



Sylvia Janzen and Jerry Davis

The faculty . . . whose genius is
Not to direct each gesture but to prompt half-forgotten lines,



Not to develop the plot but to reinforce the backdrop.

If work is indeed

love made visible,

Norval F. Pease, M.A., B.D.

TRACK

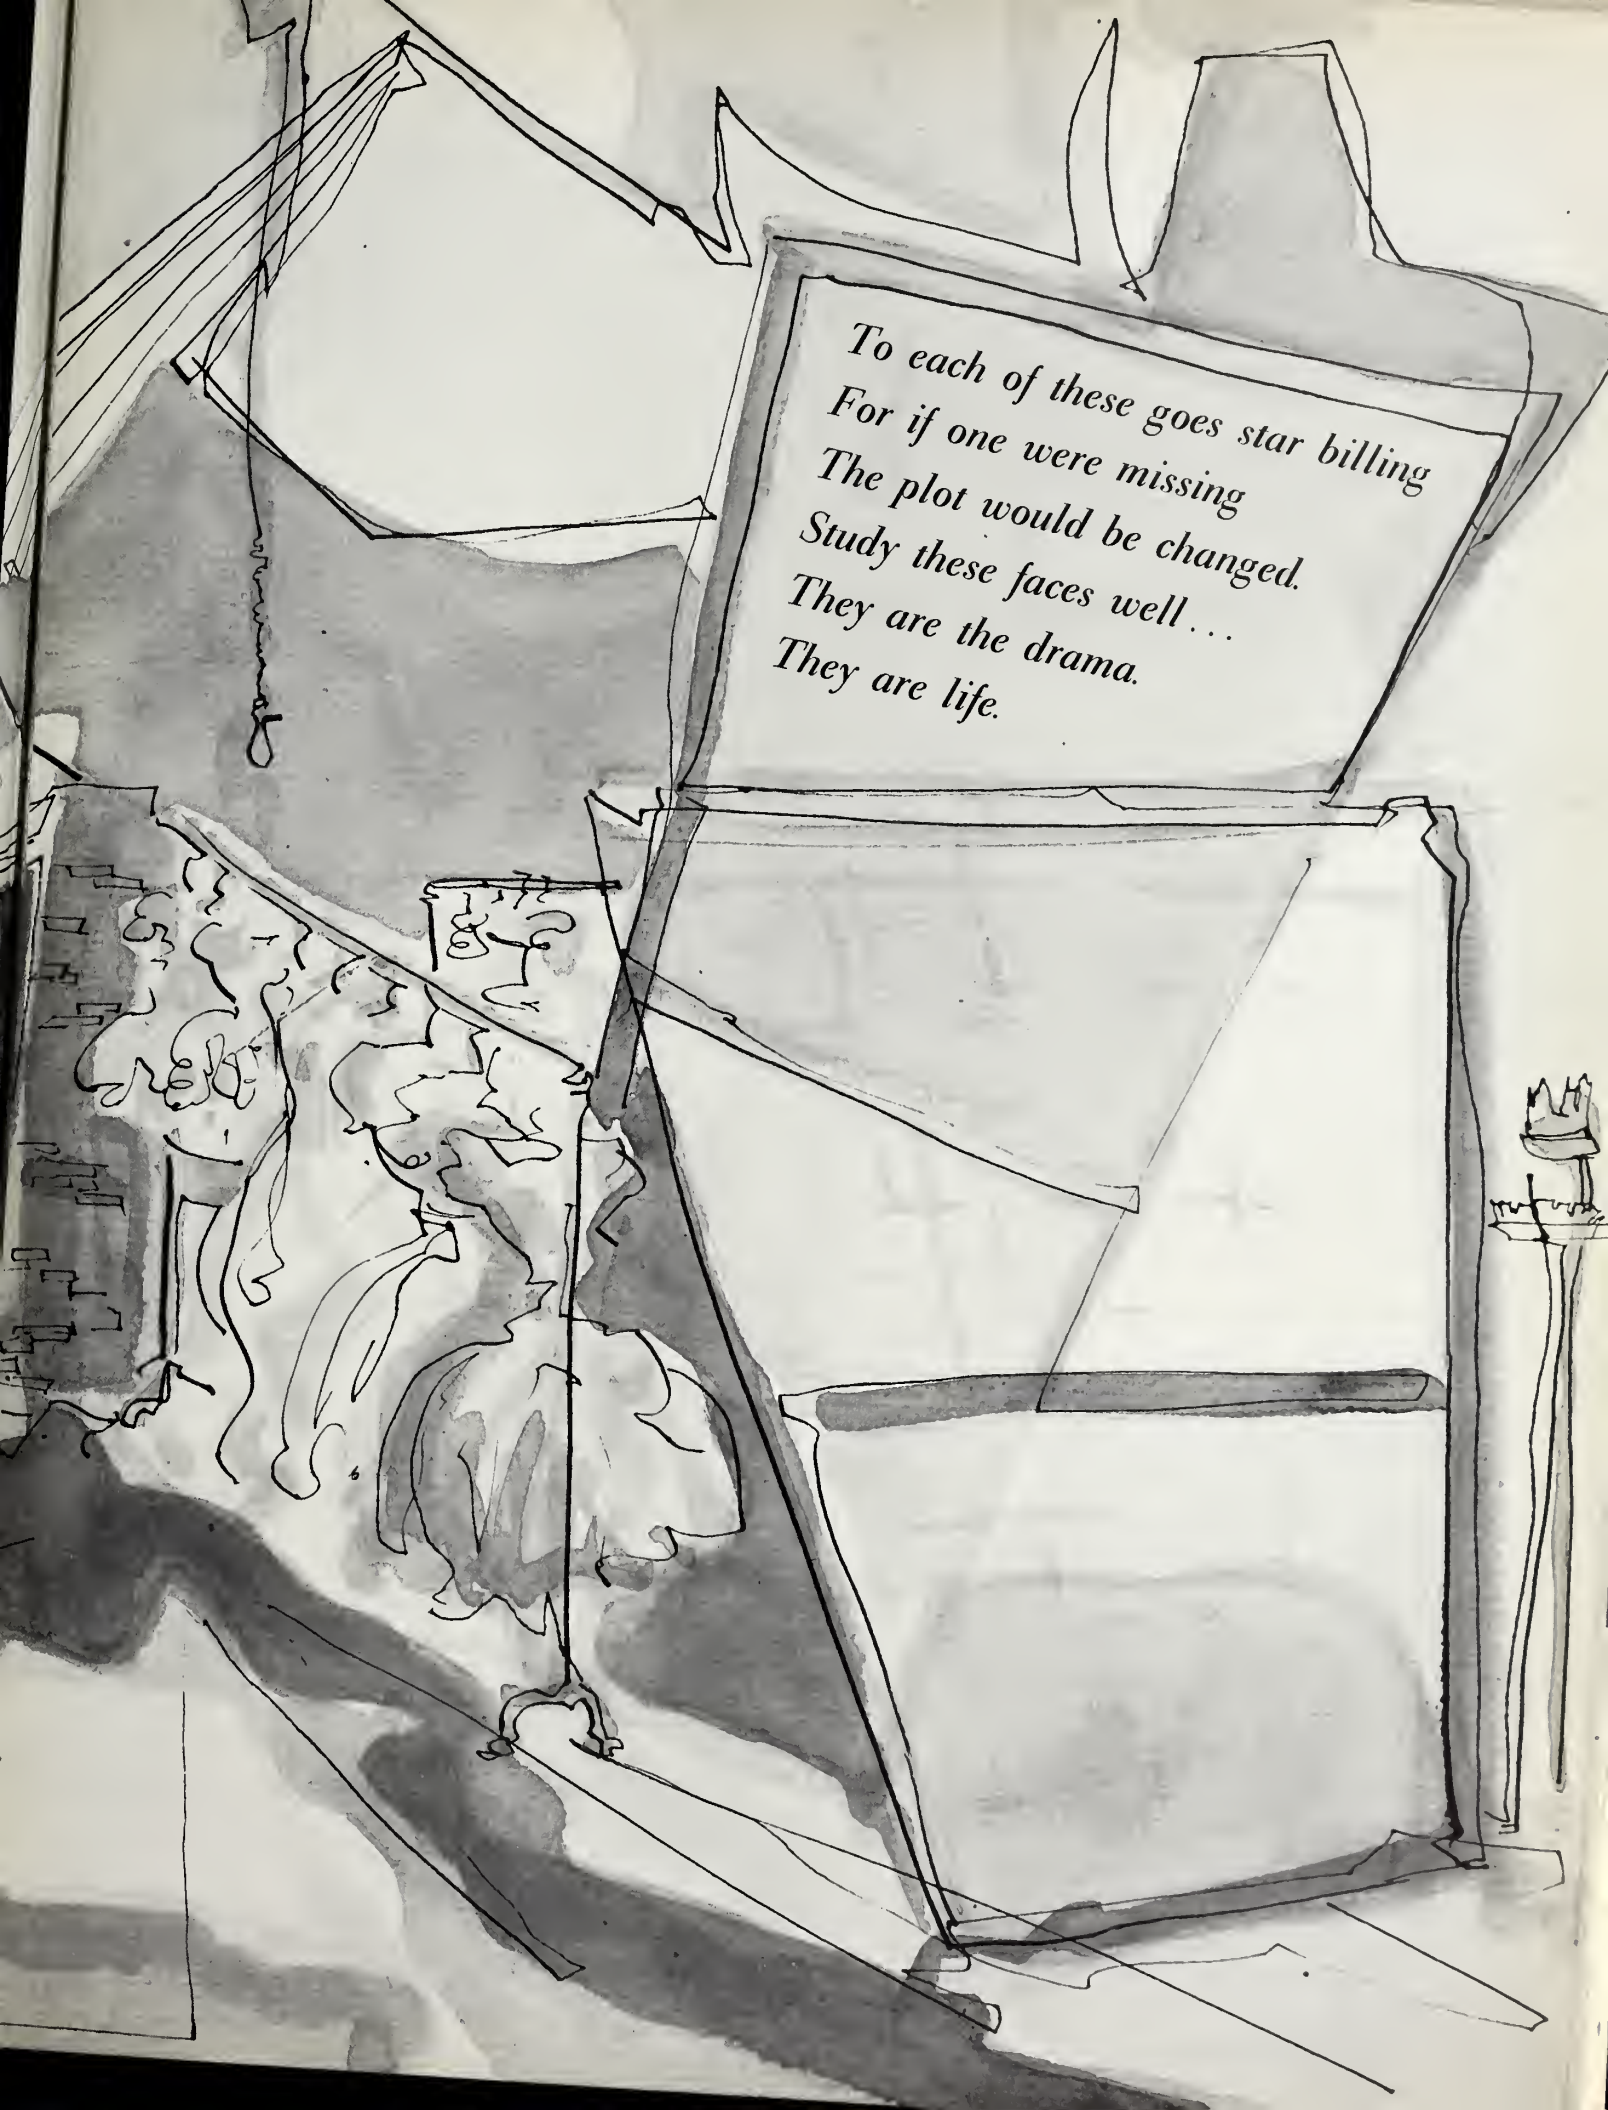
Like liquid muscles ripple

fluid forms — flexible, supple, controlled,

the body subject to the mind

in freedom, grace and beauty.

The sports world is a fantastic maze of rules and regulations, a paradoxical universe where four referees can hold serious debate to see if three men are playing as directed, to the inch.



To each of these goes star billing
For if one were missing
The plot would be changed.
Study these faces well . . .
They are the drama.
They are life.

CAPTAINS of INDUSTRY!

In every group of graduates there are some who, because of scholastic achievement, special abilities and skills or personal dynamics, stand out from all others. These are the men and women industry is looking for. They are the captains of tomorrow!

As the leader in the drill bushing industry, ACE, too, is looking for above average personnel to fill positions of responsibility.

If you have business or engineering training and wish to affiliate with a Christian organization having international ramifications why not think seriously about joining ACE? A letter to the Personnel Director will bring full information.

The curtain falls on the night's performance;

the audience sighs,

knowing that although the stage will again be filled

with actors laughing, crying, working, playing,

the play will never again repeat itself.

These moments will never again live,

unless in their memories,

yet never die

while they keep their dreams.
